

Night Time

By: Paddy Chambers

Wait, Till The Light Goes Out
I Don't Want To Be Seen About
Baby We Will Find A Place To Go

Find A Quiet Place
Where They Don't Care About Your Face
Or If Your Name Is Willy, Santa Claus Or Joe

I'll Be Quite At Home
If They Leave Me Alone
That's Why I Only Operate Yeah, At Night Time

Wait Till The Clock Strikes Ten
It'll All Start Happening Then
I Know Just The Place To Be

We Can Have A Little Party
Dance And Sing And Anything
I Know You Like It, Just You Wait And See

Baby First We'll Pick A Movie
Than We Hit The High Spot+s Feeling Groovy
That's Why I Only Operate Yeah, At Night Time

The Right Time, Is The Night Time Yeah

I Wait Till It's Late, So I Can Concentrate
We Can Move By The Light Of The Moon

So When It's Getting Way Past Nine
I Get Ready For A Swinging Time
Cause I Don't Know Where To Draw The Line

We Can Have A Little Party
Dance And Sing And Anything
I Know You Like It, Just You Wait And See

Night Time

First We'll Maybe Pick A Movie

And We Hit The High Spots Feeling Groovy

That's Why I Only Operate Yeah, At Night Time

At Night Time, At Night Time, Night Time
