

Goodbye Baby

By: B. Russel / W. Farrell

Goodbye Baby, Baby Goodbye
Goodbye Baby, So Long Girl
I Know You Ain't Gonna Like It
But I'm Stepping Out Of Your World
But I'm Coming To Your Party
And I Won't Be Able To Stay
And I'm Gonna Kiss You, One More Time
Then I'm Going Away, Come On And Sing It To Me

Goodbye Baby, Baby Goodbye, Mmmm
You May Be Lonely, Yes, You May Be Hurt
Like A Fool I Gave You Candy And You Gave Me Dirt
But I'm Coming To Your Party
Just Before The Break Of Day
And I'm Gonna Touch You, One More Time
Then I'm Going Away, Come On And Sing It To Me Again

Goodbye Baby, Baby Goodbye
I'm Gonna Need To Go Away Sometimes Mmmm
I See That Train Coming, Down The Long And Lonesome Track
Girl You Know, I've Got To Go Home Now
Deep Down In Your Heart
You Know That I'm Coming Back

And I'm Gonna Look For You, At That Party
'Cause All The Time I Know I'll Find You There
And Listen I'm Gonna Dance, Dance
One More Time Oh Oh Oh Yeah
Come On And Sing It To Me Again

Goodbye Baby, You Make Me Wanna Sing Sometimes Baby Goodbye
And Sometimes I Make You One Morning Think About God
Oh Yes I Will, Sometimes I Make You Wanna Cry Children
Cry, Cry, Cry,
