

There She Goes

By: Cees Veerman

There She Goes She's Smiling At You
Can't You See She Really Likes You
Take Your Chance And Ask Her If She
Wants To Be Your Girl

People Told Me That She's Only
Foolish But I Know She's Lonely
Guess That She Can't Live Without You
Another Day

Imagine What Happens
When She Takes Another One For You
Don't Wait So Long
Before It's Too Late

Why Don't You Tell Her
That You Love Her
Don't Be So Shy
You Must Do Something
Before She Flies Away
Like A Bird In The Sky

There She Goes She's Smiling At You
Can't You See She Really Likes You
Guess That She Can't Live Without You
Another Day, Another Day
