

Let's Follow The Sun

By: Cees Veerman

Sometimes I Feel
Life Is Just An Endless Highway
For You And Me
We Are Waiting For A New Day
To Come, For Everyone
There'll Be No Clouds To Hide The Sun

All Our Lives Are Filled With Confusion
All Of The Time
We Carry On Chasing Illusions
Please Stay In Line
'Cause There Will Be A Better Time Tomorrow
Fears Will Be Gone
If We Follow The Sun

Sometimes I Feel
Life Is Just An Endless Railway
For Me And You
We Are Waiting For A Bright Day
To Come, For Everyone
When The Darkest Night Faces The Dawn

We Just Make Our Reservation
All Of The Time
Trying To Reach Our Destination
At The End Of The Line
Just To Find A Place Where We Can Live
At Peace With Everyone
So Let's Follow The Sun
