

# **I Still Remember**

**By: Cees Veerman**

I Still Remember The Way That You Smiled  
When I Saw You For The First Time In My Life  
And I Still Recall The Moments Of Them All  
When I Felt Your Body Next To Mine

But That's A Long Time Ago  
Yeah That's A Long Time Ago  
Yes It's A Long, Long Time Ago

Since We Were Together, Through Rains And Stormy Weather  
We Just Didn't Care 'Bout Time Or Day  
We Were Happy Then, Walking Hand In Hand  
Like Children Building Castles In The Sand

But That's A Long Time Ago  
Yeah That's A Long Time Ago  
Yes It's A Long, Lonely Time Ago

But That's A Long Time Ago  
Yeah That's A Long Time Ago  
Yes It's A Long, Lonely Time Ago

That We Were Walking, Down In The Valley  
Surrounded By Flowers While Sounds Of Birds Filled The Air  
Up On The Mountains Way In The Country  
No Sounds Of The City Disturbing The Peace We Found Here

Yes We Were Walking, Down In The Valley  
Surrounded By Flowers While Sounds Of Birds Filled The Air
