

# Let's Go Together

By: Jaap Schilder / Piet Veerman

It Hurts Me To Know  
That I Could Never Make  
You Believe Me, Up Till Now  
And When I Told You All  
About The Lonely Times  
When I Needed You Somehow  
Please Believe Me, Oh I Love You, Yes I Do

The Nights When I'm Alone  
I Lay Awake And Stare  
At The Shadows On The Wall  
Your Face Is All Around  
And I Pretend That I Get An Answer  
When I Call, Call Your Name

Oh Let Us Go Together You Know Me Long Enough  
Reach Up Mountain High And Sing A Song Of Love  
Baby Can't You See That You And I Belong  
Together, So Why, Why Not Join Me In A Song

The Nights When I'm Alone  
I Lay Awake And Stare  
At The Shadows On The Wall  
Your Face Is All Around  
And I Pretend That I Get An Answer  
When I Call, Call Your Name

Oh Let Us Go Together You Know Me Long Enough  
Reach Up Mountain High Sing A Song Of Love  
Baby Can't You See That You And I Belong  
Together, So Why, Why Not Join Me In A Song

Oh Let Us Go Together You Know Me Long Enough  
Reach Up Mountain High Sing A Song Of Love  
Baby Can't You See That You And I Belong  
Together, So Why, Why Not Join Me In A Song
