

Come On Girl

By: Piet Veerman

Come On Girl, Come On Now
Let It Keep On Raining
Falling Down, All Around
Making Colours Changing
Everything Turns Into Grey A Sight
So Come On Up Out Of The Chilly Night

Come On Girl, Come On Now
Why You Keep On Waiting
Let It Go, Let It Flow
Let The Music Swaying
Just A Little More Time And You Will Feel All Right
So Come On Up Out Of The Chilly Night

Let Me Take You All The Way
Way Up Nowhere-land
Getting Higher Than The Darkening Sky
Come On Up And Take My Hand
Way Up To Our Nowhere-land
Come On Girl, I'll Make You Feel Alright, Yeah Tonight

Let Me Take You All The Way, Way Up Nowhere-land
Getting Higher Than The Darkening Sky
Come On Up And Take My Hand, Way Up To Our Nowhere-land
Come On Girl, I'll Make You Feel Alright, Yeah Tonight
Come On Girl, I'll Make You Feel Alright, Yeah Tonight
Come On Girl, I'll Make You Feel Alright, Yeah Tonight
