

# Morning Light

By: Piet Veerman / Nail Che

Morning Light, Shine Your Light On Me  
Come And Hold Me Tight In Your Embrace Let Me Be  
Shine On Me, Shine Your Light On Me, Let Me Wake To You  
From A Long Long Night, Lonely Night Without You  
I Feel Cold Inside, In My Need To Be With You  
Don't Ever Let Me Down, No No Don't Let Me Down  
Let Me Find You, When I Awake

When I Travel Through My Mind I Wonder  
Will I Feel The Splendor Of Your Warm Embrace

Give Me New Vibrations To Meet My Expectations  
Be My Guide All Through The Night  
Lead Me To Your Station, A Final Revelation  
Be My Guide All Through The Night  
Wake Me And Take Away, Shades Of Grey  
From Your Saving Grace

Do Yup To Yup To To  
Do Yup To Yup To To

When I Awake  
No More, I Will Be Afraid Of Darkness  
When I Know The Sweetness Of Your Warm Embrace

Give Me New Vibrations To Meet My Expectations  
Be My Guide All Through The Night  
Lead Me To Your Station, A Final Revelation  
Be My Guide All Through The Night  
Wake Me And Take Away, Shades Of Grey  
From Your Saving Grace  
Take Away, Shades Of Grey  
From Your Saving Grace
