Do You Remember That Perfect Day in June  
A Shining Summer Morning That Ended Much Too Soon  
Watching Over Valleys, Rivers Floating by  
The Way You Were Smiling, the Look in Your Eye

Heading for the Sunset, Feeling Fancy Free  
Listening to our Heartbeats, a Timeless Melody  
Hiding in our Cottage, Holding You So Tight  
We Put Out the Fire and Welcome the Night

By Darkness Surrounded  
Reaching for the Sky  
Floating Away to an all Time High  
Entangled Forever  
Let the World Go by  
Making Love Until the Morning Light

Waking Up Beside You, So Peaceful So Fair  
Rays of Golden Sunlight Shining Through Your Hair  
Spreading Out Colours Like a Rainbow in the Sky  
We Can Last Forever Together You and I

By Darkness Surrounded  
Reaching for the Sky  
Floating Away to an all Time High  
Entangled Forever  
Let the World Go by  
Making Love Until the Morning Light
