

Wake Up

By: Cees Veerman

Wake Up My Little Girl
Open Your Eyes And Face The World
Open The Blinds And Let The Sun Shine In

Wake Up My Little One
Now Open Up Don't Spoil The Fun
Before We Run Out Of Time
Baby That's A Sin

You Should Know By Now
I Don't Want Anyone But You
But You Just, You Just Keep Me Waiting
And That's A Cruel Thing To Do
Now I've Been Told, Baby You're So Cold
No I, I Don't Believe What They Say Yeah
No I, Don't Wanna Wait Another Day
Oh No I, I Don't Believe What They Say Yeah
No I, Don't Wanna Wait Another Day

So Wake Up My Angel Eye
It's Your World And Its Worth A Try
Open The Door To Your Heart
Baby Let Me In

You Should Know By Now
I Don't Want Anyone But You
But You Just, You Just Keep Me Waiting
And That's A Cruel Thing To Do
Now I've Been Told, Baby You're So Cold
No I, I Don't Believe What They Say Yeah
No I, Don't Wanna Wait Another Day
Oh No I, I Don't Believe What They Say Yeah
No I, Don't Wanna Wait Another Day

Oh Wake Up
Come On And Wake Up Little Girl
Oh Wake Up
Wake Up My Angel Eye
